Dear Dr. Elisabeth Snead:

I am delighted to inform you that your request for funding in the 2020 Boehringer Ingelheim Veterinary Scholars Program (BIVSP) has been approved at the level of **\$10,000.00**. You will receive the grant by April 15, 2020. Your program website should be updated to reflect the program information by February 25, 2020. I am also pleased to inform you that the 2020 National Veterinary Scholars Symposium will be jointly hosted by The University of California – San Diego, Western University College of Veterinary Medicine, and the AVMA and will take place at the UCSD campus and in downtown San Diego at the Convention Center in San Diego, CA July 31 – August 2, 2020.

Congratulations on your award! We appreciate your support of and participation in this program, which for 30 years has provided an opportunity for veterinary schools to introduce first and second year veterinary medical students to biomedical research. Please let me know if you have any questions.

Best regards,
